OFFICE NOTE

Subject

Admission of deserving persons to the Kumbaj Lungarkhana Charities at Lungarpatty.

LAST REFERENCE —

~~Letter No.~~ ~~dated~~

~~from~~

A sum of Rs 200 per measem is fixed in the revised Paadik Patti of the Kumbaj at-Lungarpatty for Lungarkhana charities. The recipients of the charity were formerly having given rations in kind — rice and ragi — but the system was changed by the late Superintendent some years ago into ~~money~~ cash payments. And at the time of issue

rate of the
Patti in 1900, the cash payments,
which were in most cases only
10 annas to each recipient per
annum, ~~was~~ was fixed at one
rupee, two rupees and three rupees
to each, the total number of such
recipients being limited to 181 at
the time. A remark was also
added in the Loodiki Patti that,
as the number of the recipients of the charity was
intended to be gradually reduced to 100,
~~with~~ and ~~to~~ the rate of payment
was proposed
~~to~~ to be fixed at Rs 2 to each,
the vacancies that might occur
should not be filled up.

2. Since then every vacancy
among the charity holders is
being reported to Government.
In September 1902, a list of the
then existing holders was received
from the Dy Commr, from which
it was observed that there were
then 134 persons receiving Rs 159

in all. Several applications which had been received in this office praying for new admissions to the Charity were forwarded to the Dy Commr, who was requested to forward the Government with his opinion as to whether the restrictions ordered ~~in 1899~~ by the late Surgeon Superintendent in the matter of new admissions, ~~could~~ might not be removed, in view to giving relief to the large number of needy and deserving persons who were now without means of support. — His reply has not yet been received in spite of the numerous demands.

3. When the Dy Secretary inspected the Lunatic and other Institutions at Serampore on the 14th of last month, a number of Ghoshas and other women again represented their hardship and begged for some relief from

from the Gumbaj Lungyakhang -

4. From the list received from the Magistrate and from the monthly Imprest accounts, it is found that there are at present 51 Vacancies and that the amount now being actually ~~assumably~~ distributed monthly is Rs 128 (out of fixed allotment of Rs 200).

5. Applications for help are being received in this office almost every day -

Note Continued

The Dy Comr, whose opinion was called for as noted in para 2 of this note, states in his Communication that, as suggested by the Sub-Division Officer, it is very desirable that some help, however small, should be given

Subd to the Dewan with a draft.
Mr. Srinivasa Charlu's idea was that as
1 Rupee was not sufficient for the
subsistence of a person, the rate may
be gradually raised to 2 Rs. This
naturally meant the reduction of
the numbers of persons receiving
the charity. Upon personal inspection
however, I have found that there
are large numbers of really
deserving persons (mostly females)

in need of the means of subsistence
at Seringapatam. I have therefore,
in the accompanying draft, drawn
it into take for rent Receipts at
I Rupee only so that as large a number
as possible may be benefited by
the amount at our disposal.

The Draft order submitted by the Muzrai Secretary was approved by the Dewan who was pleased to observe that the recipients of the Langar Khana Charity would in many cases have it supplemented by private charity and that there was no object in raising the value of the allowance and reducing the number of recipients. This order was issued

W.O. Pro. No. 2969-70 dt 29th March 1904.

C

As requested in the Proceedings referred to above, the Deputy Commissioner has submitted a list of persons recommended to be appointed for the vacancies in the said Charity. From the list, it is observed that there were ~~70~~ 73 vacancies on the roll of the Charity, carrying an allowance of Rs 82/-, One ~~Nanee~~ Sultan Begum was admitted for Rs 3 allowance under Govt Pro. No. 2393-4, dated 28th December 1904, and the Deputy Commissioner has recommended ~~56~~ 51 persons for Rs 2 allowance in consideration of their respectability and in regard to whom, the Muzrai Secretary was of opinion that special consideration should be shown

56 persons for Rs 2 / Rs 1½ and 7 others

§ named in the D.C's communication

The total amount required to pay the persons thus recommended came up to Rs 84/ ie 2 Rs in excess of the savings available for the purpose.

Since the receipt of the Dy Commissioner's recommendation, 4 of the recipients of the Charity abroad, on the roll on an allowance of Re 1 each, were reported by the Mazin of the Gumbuz to have died, and this leaves Rs 2 at the disposal of the Charity for distribution. In this connection may be mentioned the name of one Mambi, whose case the Amildar has remarked is one which may be considered on the occurrence of a vacancy. If these Rs 2 are sanctioned to the said Mambi, the whole available amount will have been granted.

Muzrai Secretary's remarks:-

A list has now been received which has been very carefully prepared by the Amildar with the help of the Mazin. I find that the Amildar has personally seen each individual and recorded remarks against each in the Kabarese statement submitted to this Office with the approval of the Assistant Commissioner and the Deputy Commissioner.

From the list it is observed that two vacancies on Rs. 3 have not been filled up and that the amount has been utilized for additional deserving persons on Rs. 2. The two others who are entitled on Rs. 3 each may be considered as and

(Vide English list F

Allowances were sanctioned by Government.

In the 2nd class on Rs. 2 there were originally 21 persons ~~of whom~~ and 5 ~~were dead~~ vacancies at the time of the report. In the present proposals these vacacies have been filled up and provision made for 7 more deserving persons. The number in this class has been increased as there are many deserving persons of respectability, who are extremely poor and helpless and who cannot be well put in the lowest class on one Rupee.

In the 3rd class on Re. 1 there were 146 persons and ~~65~~ 66 vacancies. Of these vacancies ~~55~~ 56 have been filled up and the remaining sum of Rs. 10 has been utilized towards the cost of the increased number of persons placed in the two rupee class.

A saving of Rs. 2 is shewn by the foregoing arrangement which is due to the fact that there are two vacancies of one rupee each.

The recommendation of the Deputy Commissioner as regards the filling up of vacancies and the distribution into the different classes may in my humble opinion be approved and given effect to at once as I found during my inspection that there are many poor persons deserving of help from this charity.

For the future it may be ruled that there should be 3 classes of the recipients of this charity on Rs. 3, 2, & 1 respectively and that all vacancies occurring in these classes shall be reported to Government once a month with recommendations for filling them up when deserving objects are found. By this means the Government will always be able to know the state of the working of the charity.

I see no objection to do away with the differentiation of classes as a small allowance of Re 1 p. m. to a poor man would be of more use than Rs 3 p. m. to an individual in better circumstances as compared with what is allowed to the 2nd & 3rd classes. By granting an allowance of Rs 2 to all the recipients we will have removed a unjust rule, which

The total no. required is 97 in the class and two on Rs 6. In the latter case the grant may be continued, until vacancies occur.

If however it is considered that the grant of Rs 6 is sufficient the increase in the 1st & 2nd class should not be sanctioned and the existing vacancies may be filled up at the rate of Rs 6 at the discretion of the Collector provided the whole number does not exceed 97 & the Rs 6 cases.

Dated 28th December 1902

Sir,

I am directed to invite your attention to the remarks in the Taslik Patti, framed by the late Mysore Superintendent for the Gundlupet Lunguarkhana at Seringapatam, directing that Vacancies occurring in the recipients of the Gundlupet Lunguarkhana Charity should not be filled up until the number was reduced to 100.

2. From the list of the present recipients submitted with your Docket no 43 dated 23rd September 1902, it is observed that, since the Revised Rs Sadik Patti was framed in July 1900, 21 recipients died and 16 are absent and that therefore a sum monthly of Rs 41 is now being brought under savings, the amount actually disbursed (to 134 persons) being only Rs 15-9 against the sanctioned allotment of Rs 200.

3. It is no doubt a charge for the future, if the rate of subsidy the allowance in question is fixed at Rs 2 each per measure; but

that, Considering that a small sum of Rs 24 only (excluding the absentees) is issued for the last about 2½ years, since the framing of the Taxation Patti, it is feared that it would take nearly 2 or three years more to reduce the figure to 100, as was intended by the Inspectional. ~~A number~~ of Applications are being received in this Office praying for help from this Charity, but owing to the restrictions ~~placed~~ imposed that the Vacancies should not

not be filled up ~~until~~
for an indefinite period,
it is not possible to grant-
any ~~but~~ help to the really

4. In these circumstances I am to request the favour of your opinion in the matter.

the Sanctioned monthly allotment of Viz Rs 200 is out of the question: ~~impracticable~~.

5. The marginally noted ~~letters~~ received in this Office on the subject, are herewith forwarded for reference and re-submission.

of Mysore in the Muzrai Department

Sir,

With reference to your docket No. 1415 dated the 23rd December 1902, I have the honour to retransmit herewith the correspondence ending with the French Rocks Sub Division Officer's docket No. 67 dated the 4th August 1903. There is a large number of disabled and poor people depending upon the Jumbuz Langarkhana for their livelihood at Seringapatam. It would be a very hard case if these helpless men should be required to wait until their number reaches one hundred. Therefore it is very desirable that some help however small should be given at once to the applicants as suggested by the Sub Division Officer.

I have the honour to be

And Correspondence

ending with letter no 213

there being a large number

No. 2969-70 Dt 29.3.04

A sum of Rs 200 per
annum is fixed in the
revised Tenkasi Patti of
the Zamindary at Courtallam,
for the Tengamkhana charities which are intended for the
the recipients of this charity deserving poor of all classes.
were formerly being given
rations in kind - rice and
money - but the system was
changed by the late Inspector
Superintendent some years

ovo

ages into cash payments of
monthly 10 as to each recipient
per annum, the rates being
subsequently changed into
one rupee. The rates at-
which these charities are at-present
dispensed, range from one
Re to 3 Rs, the recipients
in the lowest class ~~living~~
forming the majority.

2. The surgeon-Supt, ~~Bowring~~
Lieutenant-Colonel, with a view
~~to~~ to raise the stipend of
each recipient from one Re
to Rs 2, by absorbing the Vaccina-
tion-might- ordinarily

that no vacancy should
be filled up until the
number of the recipients
was reduced to
100. But, it is now reported by
the Dy Comm^r, that there
is a large number of the

and deserving persons, who

are without means of support;

and that it is therefore

desirable to remove the restrictions

ordered by the Surgeon Supt,

in the matter of new admissions, so that it might

~~be enabled to give effect to such orders~~

may be granted

be relief to the most deserving,

however small it may be - This recommendation

appears to be unreasonable as the recipients of this charity will in many cases have it supplemented by private charity and there is no object in raising the value of the allowance and reducing the number of recipients,

There are, at present,

51 vacancies at present,

the total actual amount monthly

distributed being only

allotment of Rs 200 - // 3. under the circumstances

4. As it is desirable, however, to

With this view, the vacancies that might happen occur among the existing recipients of Rs 1-4-0, Rs 1-8-0 and Rs 3, should be filled up by giving to each new recipient Re one only, so that, in the course of time, the maximum number of recipients may be 200 getting one rupee each.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 29th March 1904.

READ—

The remarks in the Tasdik patti framed by the late Muzai Superintendent in July 1900, for the Gumbuz Langarkhana at Seringapatam, fixing the monthly allotment at Rs 200, and directing that, until the number of recipients of the charity was reduced to (100), by absorbing the vacancies as they occur, no vacancy should be filled up until further orders.

AND,

Correspondence ending with letter No. 213, dated 18th February 1901, from the Deputy Commissioner, Mysore District, recommending that the restriction placed in the matter of filling up the vacancies may be removed, there being a large number of poor and deserving applicants for the said charity.

No. 2969-70, DATED BANGALORE, 29TH MARCH 1904.

ORDER THEREON.—A sum of Rs 200 per mensem is fixed in the revised Tasdik patti of the Gumbuz at Seringapatam, for the Langarkhana charities, which are intended for the deserving poor of all classes. The recipients of this charity were formerly being given rations in kind, rice and ragi, but the system was changed by the late Muzrai Superintendent some years ago into cash payments of mostly ten annas to each recipient per mensem, the rate being subsequently changed to one rupee. The rates at which these charities are at present dispensed, range from one rupee to three rupees, the recipients in the lowest class forming the majority.

2. The Muzrai Superintendent, with a view to raise the stipend of each recipient from rupee one to rupees two, by absorbing the vacancies that might gradually occur, laid down in July 1900, that no vacancy should be filled up until the number of the recipients was reduced to 100. But it is now reported by the Deputy Commissioner, that there is a large number of needy and deserving persons, who are without means of support, and that it is therefore desirable to remove the restrictions ordered by the Muzrai Superintendent in the matter of new admissions, so that relief may be granted to the most deserving, however small it may be. This view does not appear to be unreasonable as the recipients of this charity will, in many cases, have it supplemented by private charity and there is no object in raising the value of the allowance and reducing the number of recipients. There are it seems 51 vacancies at present, the total actual amount monthly distributed being only Rs. 128, out of the fixed allotment of Rs. 200.

3. Under the circumstances represented, the Government are pleased to direct that the restrictions laid down by the Muzrai Superintendent in 1900, in the matter of admitting new persons to the charity, be removed, and that deserving applicants be admitted to the existing vacancies.

4. As it is desirable, however, to adopt a uniform rate of stipend, the Government are further pleased to direct that the rate of one rupee to each be fixed in the case of all those that are to be newly admitted. With this view the vacancies that might hereafter occur among the existing recipients of Rs. 1-4-0, Rs. 1-8-0 and Rs. 3, should be filled up by giving to each new recipient rupeee one only, so that, in the course of time, the maximum number of the recipients may be 200 getting one rupee each.

5. The lists of the applicants for the charity received with the Deputy Commissioner's letter read above are herewith retransmitted accordingly with a request that he will carefully select the most deserving among them and submit the nomination for the sanction of Government.

6. Admission to future vacancies should likewise continue to be reported to Government for approval, stating the circumstances in life of the persons recommended.
